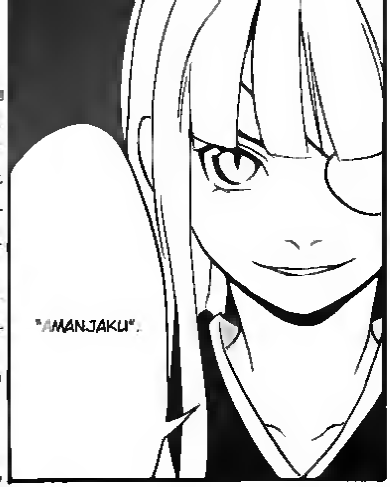
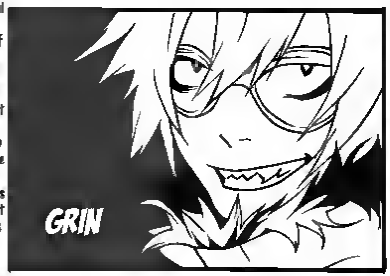
CHAPTER3 "I DON'T THINK IT'S A GOOD IDEA TO TALK ABOUT SOME DREAM THAT YOU CAN'T EVEN ACHIEVE."



TN: Quoting from Wikipedia. Amanjaku, or Amanjaku "heavenly evil spirit", is a demon-like creature in Japanese folklore. It is usually depicted as a kind of small Oni, and is thought to be able to provoke a person's darkest desires and thus instigate him into perpetrating wicked deeds.



TN: Onimikado is a fictional word. It literally means "King of Oni", though in this case it's a person who possesses a power to exterminate any Oni.
